

LEADING A NOBLE LIFE ~ WALKING EACH OTHER HOME

A personal one-on-one mentoring program for the dedicated student.

What does this program have to offer me?

- A uniquely personal approach designed to deepen spiritual knowledge and personal insight for the seasoned traveler on the path
- A collaborative one-on-one practice of mindlessness, deep listening & sacred trust that creates a safe place for the student to share, be heard and to then receive spiritual guidance specifically related to the student's area of interest.
- A vehicle for gaining deeper insights into one's own karmic journey and to see more clearly the causes for the life experiences that are manifesting in one's life experience
- A vehicle for gaining mastery of awareness and the ability to consistently think, speak and act from one's own deepest spiritual values & beliefs
- A collaborative one-on-one practice to support you in not just having a good life, but a Noble Life

How do I get started?

- The only way to really understand how the program works and to find out if it is a good vehicle for spiritual insight, growth & support for you is to give it a try
- An initial ½ hour one-on-one session with James is available to you at no cost, no obligation and with no expectations to give you a chance to find out for yourself if the program is a good fit for you.

If I find that the program is a good fit for me what are the costs?

My intention is to offer the one-on-one mentoring program to anyone who is genuinely interested in participating in it regardless of their current financial situation while also allowing me to receive an equitable financial compensation for my time spent with you in our one-on-one sessions. There are several financial compensation options available for anyone who feels that it would be helpful to them to participate in the program. These options can be explored after your initial session if it is your desire to continue on with the program.

Are you ready to schedule your initial no cost no obligation session?

What People Are Saying

From some Dedicated students

“James’ spiritual guidance has been outstanding, helping me to eliminate so many misconceptions, to clarify my beliefs toward God and spiritual laws, and to open my heart in all areas of my life. Given the difficulties of my past, I often wondered if I would ever gain the authenticity and simple contentment I think everyone was meant to have. It seemed so elusive, yet now no longer. It is like I have a new pair of glasses, and so much has changed for the better. James spiritual intuition and keen understanding of our human dream and divine nature is something I have never experienced before.

A poem

You tell me I have nothing to worry about anymore.
I am in disbelief. I am stunned.
This moment is perfect.
So what do I do now?
Notice God.
Ok.
I stay in silence
to notice God.
I no longer worry
to notice God.
I meditate
to discover God.
I chant
to beckon God.
I give to others
to be in God's likeness.
I no longer judge others or myself
because I no longer crave to act human.
I love others
to allow God's presence.
I am ok with this very moment
because I know God is all there is.

From a Minister

“Recently I contacted Dr. James Golden to assist in conflict resolution in my church. We were experiencing the dissension of an underground discontentment movement that had just become known and developed into a bitter, serious conflict. I am very grateful to Dr. James! He helped keep me on the right track of leadership with integrity, inner authority, and sensitive receptivity to my own needs and others. His guidance by phone was astute, clear and practical so that I could effectively deal with the dissention. As I focused on my individual healing, the church conflict seemed to totally dissolve around me! Thank you for that shift in consciousness and life, Dr. James!”
